

METAL KÖRÜKLÜ KOMPANSATÖR

METAL BELLOW EXPANSION JOINT

Deniz suyu, sıcak su, hava, yağ, asit ve alkali devrelerinde ideal çözüm sağlar.
Boru devrelerindeki titreşim ve gürültüyü absorbe eder.

Sea water, hot water, air, oil, acid, and alkali systems.
Absorbs noise and vibration in pipelines.

Çalışma Basıncı/Working Pressure: PN16
Çalışma Sıcaklığı/Working Temp: -20°C/+430°C
Genleşme/Expansion: 30mm(-20;+10), 60mm(-40;+20)
